You are invited to participate in the **HERO Registry** – a large, national clinical research community of healthcare workers. The goal of the registry is answer crucial questions about the impact of COVID-19 on you, your colleagues, family, and friends.

**YOU CAN TAKE PART IN HERO RESEARCH IF YOU ARE:**
- A healthcare worker of any profession (nurses, therapists, physicians, emergency responders, food service workers, environmental service workers, interpreters, transporters) who works in a setting where people receive health care
- ≥ 18 years old

**BY JOINING THE REGISTRY YOU CAN:**
- Answer short surveys and participate in clinical research, like the HERO- Hydroxychloroquine Trial
- Identify questions to address in future clinical research studies
- Stay informed about HERO research
